

ASLMM6

NEW JERSEY STATE DEPARTMENT OF ENVIRONMENTAL PROTECTION

TO File

FROM Dennis Faherty DATE June 30, 1981

SUBJECT National Gypsum - Great Swamp #80-8-4-6

June 29, 1981

Dennis Faherty spoke with Dave Mack, Senior Research Analyst, concerning the coordination required for the National Gypsum - Great Swamp case. Mr. Mack suggested that I obtain a copy of the Agreement between the N.J.D.E.P. and National Gypsum Company that required the latter to cover the exposed asbestos adjacent to the Passaic River. Mr. Mack suggested that I contact a representative of the N.J. Department of Health and coordinate an Order requiring the property owners to properly encapsulate the other three asbestos dump sites.
